

FROM THE DESK OF
FATHER CHRISTMAS

Greetings from the North Pole!

November 2020

How are you? I hope you are well and have been good! The North Pole is buzzing with activity and excitement! The Elves have been very busy wrapping gifts, and have already begun loading the sleigh ready for Christmas.

Last year, you were specially selected to have a Magic Elf come to stay with your family. Your Elf told me what a great time you all had and asked to come back again this year. Of course, I agreed, and they will be back with you soon. As before, they will stay with you until Christmas Eve, when I will collect them as I'm passing through your town to deliver presents.

Your Elf has again been given the special task of checking if you are doing your best to be good, and will report back to me with any acts of kindness or naughtiness. I do hope they won't get up to too much mischief!

I hope you have a wonderful time together and enjoy counting down to Christmas Day.

Lots of love from

Father Christmas xx
